History: looking back...

The University of Bordeaux is created by Pope Eugene IV with four main faculties - arts, medicine, law and theology.

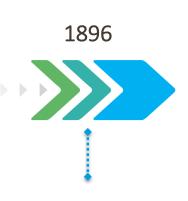

Napoléon Bonaparte reorganizes the University of Bordeaux into three faculties: theology, arts and science.

The number of students registered progresses from 8,000 to 25,000.

All the universities in France, including the University of Bordeaux, are abolished by the French revolutionaries.

French universities are organized into four faculties: law, arts, science and medicine.

History: looking back...

The University of Bordeaux is subdivided into three separate universities: Bordeaux 1 (law, economy, science), Bordeaux 2 (life, social, health sciences), Bordeaux 3 Michel de Montaigne (arts, human sciences).

Together the four Universities of Bordeaux create a consortium, the first "pôle universitaire".

1968

1996

UNIVERSITÉ MONTESQUIEU

University Bordeaux 1 becomes two separate universities. Bordeaux 1: science & technology, Bordeaux IV Montesquieu: law, social & political science, economy & management.

2007

History: looking back...

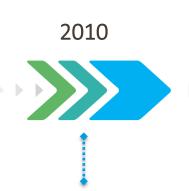

"Operation Campus": 538 M€ building renovation project.

"Initiative of Excellence": endowment of 700 M€ within the "Investments for the Future" program.

UBx is one of the first universities in France to obtain confirmation of the IdEx program.

Bordeaux **1**, Bordeaux **2** and Bordeaux **4** launch the process of creating a single and unique institution.

1st January 2014: 573 years after its founding date, the University of Bordeaux is re-established.

U25 strategic plan

U25 Strategic Plan

ADVANCING TOGETHER

Creating a university of the future

Vision: to be a **global leader** in higher education, research and knowledge transfer

Mission: by collaborating with partners

of all levels: local, national and

international.

U25 strategic plan

Themes: focusing on actions that are to:

- develop a university of repute,
- > transform the academic experience of our students,
- drive exceptional research, innovation and creativity,
- ensure institutional efficiency.

Priorities: guided by the core issues which are:

Governing body: president and vice-presidents

President

Manuel Tunon de Lara

Vice-president Institutional affairs Antoine de Daruvar

> Vice-president Human resources Dean Lewis

Vice-president University heritage

Serge Dulucq

Vice-president Continuous improvement

Yves Ducq

Vice-president Digital

Guy Melançon

Handicap

Officer Quality of work life

Nicole Éric Dugas Rascle

Officer Officer Parity,

equality, diversity, Marion Paoletti Vice-president Education, campus and civic life

Sandrine Rui

Vice-president Academic counselling, high school relations and career guidance

Isabelle Rondot

Vice-president Lifelong learning

Cécile Bébéar

Vice-president Student and campus life

Anne-Marie Tournepiche

Vice-president Students Fanny Camps Vice-president Research

Philippe Moretto

Vice-president Innovation and industrial relations

Éric Papon

Vice-president Strategy and development

Hélène Jacquet

Vice-president Societal issues

Officer

Research platforms

Marc Bonneu

Sébastien-Yves Laurent

Officer Research structuring Julie Dechanet-

Merville

Vice-president External relations

Stéphanie Debette

Vice-president Partnerships and territorial policy

Olivier Pujolar

Vice-president International networks

Laurent Servant

Vice-president Internationalization

Joanne Pagèze

université BORDEAUX

Facts & figures

Our students

+ 56,000 students

40%: Undergraduate

23%: Postgraduate

32%: Health degrees

5%: Other degrees

3rd French university (based on n° students)

Our staff

5,900 staff members: 3,200 academic and research staff and 800 research staff (external)

Facts & figures

Education

- > 150 Bachelor (incl. vocational) programs
- > 250 Master programs
- > 55 national diplomas in health

National diploma in **Wine** science

Research

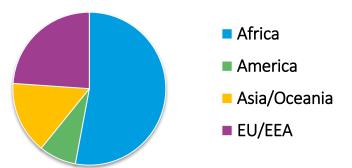

- > 70 research laboratories
- > Graduate Research School with several Graduate Research Programs and
 - 8 doctoral schools
- > 2,000 PhD students

Facts & figures: international

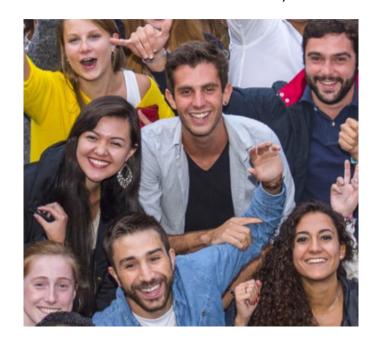

Education

- > 7,200 international students
- 60 international study programs at all levels incl. 18 EU-labeled programs
- > 700 partner universities in 80 countries
- Leading university in France for Erasmus Mundus Program
- > 2,000 students each year with exchange mobility (incoming/outgoing)
- > Dedicated exchange programs with over 60 countries worldwide

France boasts N°1 (non-English speaking) destination for international students. (2018)

International students 2017/2018

Facts & figures: international

Q

Research

- > 22 international research laboratories and
 - 3 cross-border joint laboratories as well as
 - 2 international joint research unit
- > 130 EU collaborative projects (H2020, KIC, etc.)
 - 25 ERC grants (Bordeaux campus site)
 - 30 Marie Curie grants (IF, ITN, RISE)
- > 900 international researchers / year

Facts & figures: some of our international rankings

\$00

Shanghai General Ranking 2019: **201-300** (within the top 14 of French universities)

CWTS Leiden Ranking 2018: 171

(190 in 2017)

Europe's Top 100 Innovative Universities: 24 (30 in 2018)

World's Top 100 Innovative Universities: 80

Education: four colleges

SCIENCE & TECHNOLOGY

- > 9,600 students
- > 660 academic staff
- > 7 faculties
- 73 degrees delivered

Biology, chemistry, physics, engineering science, computer science, math, environment, geology, oceanography

P. Lecroart

LAW, ECONOMICS, POLITICAL SCIENCE, MANAGEMENT

- > 15,000 students
- > 430 academic staff
- 2 faculties, 2 institutes
- 155 degrees delivered

S. Maveyraud

HEALTH SCIENCES

- > 18,500 students
- > 350 academic staff
- 4 faculties, 3 institutes
- 108 degrees delivered

Medicine, dentistry, pharmacy, public health, life science (dedicated to health-related issues), paramedical training

J. L. Pellegrin

HUMAN SCIENCES

- 4,300 students
- > 150 academic staff
- 5 faculties
- 65 degrees delivered

Sociology, psychology, social anthropology, ethnology, educational science, sports

V. Postal Le Dorse

Education: three institutes

SCHOOL OF EDUCATION

- 2,300 students
- > 180 academic staff
- > 5 sites

Mérignac, Bordeaux-Caudéran, Périgueux, Mont de Marsan, Agen et Pau

J. Mikulovik

UNIVERSITY INSTITUTE OF TECHNOLOGY

- > 4,300 students
- 16 specialties
- 4 sites

Agen, Bordeaux Bastide, Gradignan, Périgueux

F. Bos

INSTITUTE OF VINE & WINE SCIENCE

- > 400 students
- > 250 researchers
- 1 technology transfer unit

A. Blanchard

Research: organization

RESEARCH DEPARTMENTS

11 research departments:

- > Social sciences of contemporary changes (E. Macé, M. Coris)
- > Behavior, organizations and policy evaluation(O. Bargain, J. Cusin)
- > Law and social transformations (O. Décima, A. Pariente)
- > Bordeaux Neurocampus (N. Sans)
- > Biological and medical sciences (A.P. Gadeau)
- > Public health (R. Thiébaut, C. Tzourio)
- > Health sciences and technologies (G. Guichard)
- > Environmental sciences (J. Joubes , M. Baudrimont)
- > Engineering and digital sciences (H. Bertin)
- > Material and light sciences (J.B. Verlhac, F. Hannachi)
- Archeological sciences (B. Maureille, W. Banks)

Research: organization

GRADUATE RESEARCH SCHOOL

8 doctoral schools:

- Law
- Economic sciences, managementand demographics
- Mathematics and computer science,Science and environment
- Physics and engineering
- Health and life sciences
- Chemical sciences
- > Society, politics and public health

3 Graduate Research Programs

- Digital Public Health (R. Thiébaut)
- Light Sciences and Technologies (B. Lounis)
- Bordeaux Neurocampus (C. Mulle)

R. Marthan

Internationalization that focuses on...

...three strategic axes:

1. Internationalization @home

- Develop inclusive, high-quality, international education for all
- > Provide efficient and reliable **welcome services** for our international students

2. International & European partnerships

Develop and structure our international education and research activities,
 based on solid, active collaborations with partner universities

3. International promotion

Boost the visibility of our university throughout the world via efficient communication channels, participation in international networks, staff ambassadors, etc.

1. Internationalization @home

International education

Propose international study options right from the start

- Courses taught in a foreign language, cooperation with partner universities, student mobility, double degrees, etc.
- Internationalization of the curriculum

Attract international students on degree mobility

Study programs at Master level, taught 100% in English, awarded EU labels of excellence.

→ Reach these objectives thanks to:

- Support (linguistic / pedagogical, financial, project management) for teachers
- Support (administrative, financial) for student mobility

"International challenge" training program for teachers

- 28 international Master programs (5 Erasmus Mundus)
- Over 30 double degrees
- > Nearly 400 courses in English

1. Internationalization @home

International research

Boost the attractiveness of Bordeaux

- > Attract, develop and retain talented researchers
- Encourage researchers to participate in international (& European) programs (H2020)
- Organize / structure our international research partnerships via formal networks (LIA, UMI)
- Enhance the reputation of Bordeaux as an ideal host city for scientific events

International Post-Doctorates Senior Chairs Visiting scholars

"International talents" programs

→ Reach these objectives thanks to:

- "Talent" programs with multiple hosting opportunities
- Welcome services for international researchers
- Administrative support for international project development / management
- Support for the organization of major scientific events

International Associated Laboratories

- 20 LIA (Canada, China, India, Italy, Japan, Mexico, Russia, etc.)
- 1 Joint Research Unit (UMI) with India

2. International & European partnerships

Complementary approach

Bottom-up: identify education / research projects within the academic community

Top-down: identify strategic partners / priority regions at an institutional level

→ Reach these objectives thanks to:

- "Bordeaux International Support" program: funding and guidance to boost collaborations (call for proposals)
- Global alliances, liaison offices, joint calls for proposals, mobility grants, visiting scholar program, etc.
- Erasmus+

Erasmus+ International Credit Mobility

270K€ from the EC to support incoming/outgoing mobility with
 3 targeted countries
 (Brazil, China, Serbia - 2018 / 2020)

2. International & European partnerships

International partnerships

Strategic partners

> Université Laval, University of Waterloo, McGill University, University of California (LA), University of Cincinnati, University of Tsukuba, Kyoto University, National Taiwan University, Universidad del Pais Vasco.

Priority regions

 Australia, Brazil, California, Canada, China, India, Japan, Spanish Basque Country, Taiwan

European partnerships

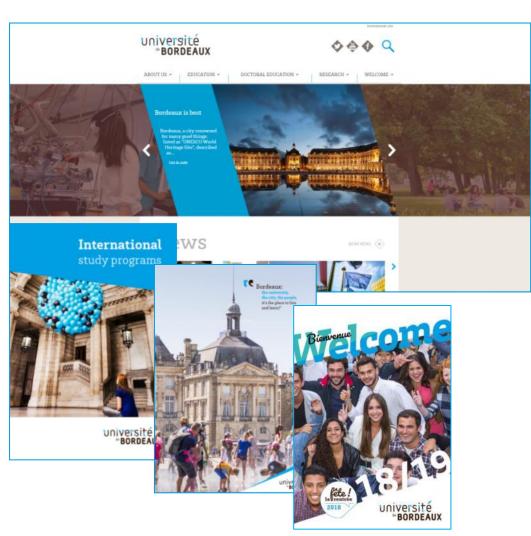

- > 300 partner European universities within the Erasmus+ program
- > 18 EU-labeled programs of excellence
- Leading university in France for the Erasmus Mundus program

Erasmus+ Mobility

400 incoming and400 outgoingstudents per year

3. International promotion

Tools: *digital, print*

Networks:

Events: conferences, sessions

Campus of Excellence

"Investments for the Future"

Promoting the development of knowledge and innovation within France

University of Bordeaux Initiative of Excellence

U25

2010

French
government
launches the
"Investments
for the Future"
program

2014

Following the merger, launch of the University of Bordeaux that leads a Campus of Excellence policy with IdEx

2016

Confirmation of the University of Bordeaux IdEx program with an endowment of 700M€

2011

An international jury selects the University of Bordeaux Initiative of Excellence project (one of the first three selected)

2015

Interim evaluation of the IdEx program by an international jury

Programs of excellence

Research challenges	Talent culture	International outreach
Innovative programs	Student empowerment	Socio- economic connections

Clusters of excellence

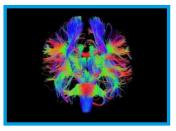

Archeology
180 researchers

Laser and optics
120 researchers

Environment & Climate 300 researchers

Health and society

Neuroscience 400 researchers

Digital certification 220 researchers

Advanced materials

100 researchers

Campus sites

Campus life

- > 135 student associations
- > Cultural events: workshops, film debates, science cafés, lectures, exhibitions, concerts, shows etc.
- Artistic workshops: dance, choral singing, drama, rock on the campus, photo lab, drawing/graphics, etc.
- Sports facilities: Olympic swimming pool, football stadiums, sports hall, rugby pitches, sports rooms, bodybuilding room, athletics track, tennis courts and pelota walls, etc.

University sports champion!

For 7 consecutive years now, Bordeaux is the n°1 French university for sports and ranks n°5 within Europe.

France, Aquitaine, **Bordeaux** Bayonne Bilbao Toulouse Pau 2h from Paris, 3h from Madrid and 1h45 from Bilbao .

Paris

- Culture: Bordeaux, part of the UNESCO World Heritage List, "City of Art and History", an "outstanding urban and architectural ensemble".
- > Wine: the wine capital of the world with around 10,000 wine-producing châteaux.
- **Environment:** located just one hour from the Atlantic Ocean, a mild oceanic climate and rich natural surroundings.

Bordeaux: Top city to visit in 2017

A dynamic economy

- Aeronautics, space, defense: Thales, EADS, Safran,
 Dassault (Rafale aircraft)
- Laser: 3 billion € investment over 15 years
- > Pharma, ICT for health: Sanofi-aventis, BMS-UPSA, Agfa Healthcare, Siemens
- Emerging clusters: Geolocation services, UAVs, Wind industry, creative industries

Industrial partnerships
