

Seismic shifts in student expectations: so you think you know all about Generation Z and beyond, do you?

Eleri Connick

President of Edinburgh University Students' Association

‘System Changers’
But who are they?

'Digital Citizens'

it's part of everything

Life has been shaped by technology

News,
entertainment,
learning, eating,
advice

Life is 24/7 and personalised

Online experience based on their habits and preferences

It's not always sunny in Philadelphia...

Rising teen
anxiety rates

Mental Health issues
amongst GenZ higher
than any other
generation!

Rising teen
suicide rates

Social media
leading to the
spread of more
rumours

Increasing
body image
concerns

Always on

Emotional
Investment

'Digital Detox' - is it time for a break?

'Global Citizens'

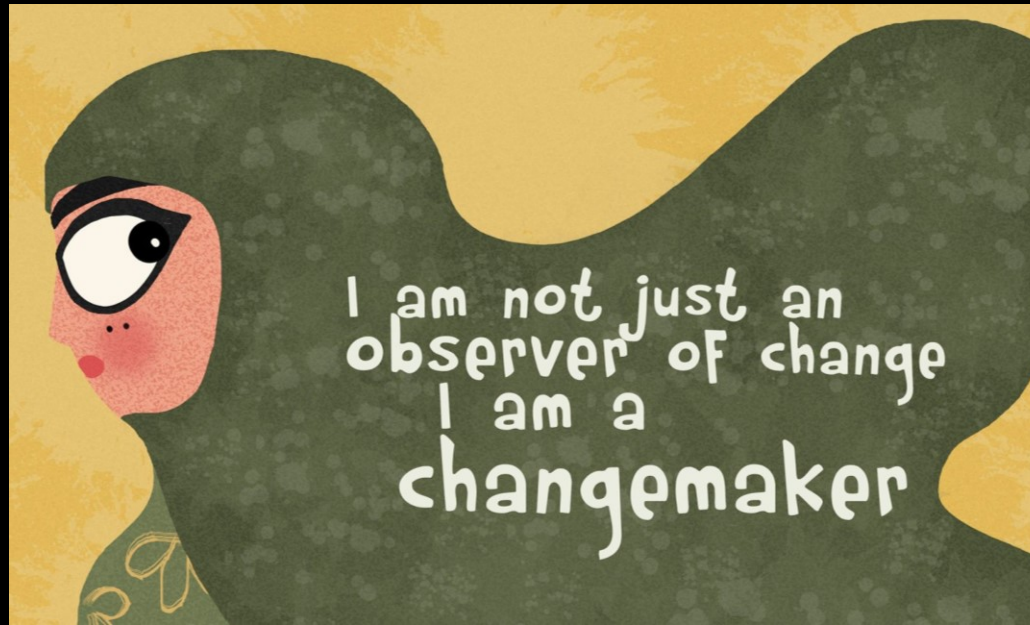

Removing the divides

'Change Makers'

let's solve the problem

Generation
of Activists

Activism is a
blend of digital
and physical

Call out
inequality

Driving real
change

Contribution is different.

It's about tackling the problems themselves.

'Money Matters'

The Impact of the Recession

'Shape their own learning'

what does this mean for higher education?

Other ways
of getting an
education?

Understand
the
importance
of education

More than
academia

Continuous
learning seen
as expected
and
necessary

Adept
researchers

Well rounded
learning
experience

A word cloud centered around the text "Generation Z". The words are arranged in various orientations and sizes, representing different characteristics and traits associated with this generation. The central text "Generation Z" is the largest and most prominent. Other large words include "technology", "connected", "education", "innovation", "smart", and "impulsive". Smaller words include "inspiring", "community", "equality", "social", "restless", "underemployed", "confidence", "anxious", "demanding", and "leaders".

inspiring
community
connected
technology
impulsive
equality
social
restless
Generation Z
education
innovation
demanding
leaders
smart
underemployed
confidence
anxious
